For the public Master's examination, a representative concert programme with a clear concept in the field of early music is desired, which does not have to include all styles. General repertoire knowledge is demonstrated in the internal examination.

The KMA final examination consists of an internal and a public examination. The public examination takes place in the form of a concert. When submitting the examination programme, the candidate indicates which pieces will be played in the public examination. For the internal examination, the examination committee selects the pieces to be performed from the specified programme immediately before the examination begins.

PMA – Artistic Final Performance

Internal part playing time: 25-30 minutes (the examination committee selects the pieces to be performed from the specified programme immediately before the examination begins)

Public part playing time: 45-50 minutes
