1. Topic selection

The topic is agreed upon with the supervisors. The application form "Anmeldung des Themas zur schriftlichen Masterarbeit" must be completed and submitted to the Dean's Office with the signatures of the supervisor and the second reader (for time of submission, see 7). With the topic registration you determine the content of the thesis. The title on the other hand will be specified in the course of completing your thesis.

2. Format of a Master's Thesis

a) In a **PMA Degree**, an academic Master's Thesis is written.

b) In a **KMA Degree**, the following options are available:

- CD or Multimedia Production (only degree programmes for Music)
- Video or Webproduction (only degree programmes for Dance)

3. Content, choice of supervisor, scope, defensio

3.1 PMA: Academic Thesis

- Content: A defined topic is systematically examined, theories and facts must be presented in a comprehensible manner and supported by sources.
- The first supervisor of the PMA thesis is to be chosen from the group of lecturers of the course "Colloquium KMA" or "Colloquium PMA". The second reader can be freely chosen from among the teachers of the ABPU. Please note: The supervisor or second reader must have a doctorate or a habilitation in science/pedagogy.
- Length approx. 200,000-250,000 characters incl. spaces (80 - 100 pages of text, approx. 2500 characters per page).
- The defensio takes place in the form of an examination discussion in which the candidate explains aspects of the content of the work and comments on critical questions posed by the commission (duration approx. 30 min. including discussion and announcement of results). The committee consists of the responsible dean, the supervisor and the second reader.

3.2 KMA: Academic Thesis

- Content: A delimited topic is systematically examined, theories and facts must be presented in a comprehensible manner and supported by sources.

3.3 KMA (Degree programme for Music): Lecture Performance

The Lecture Performance consists of two parts: a public lecture and a written part.

- In the public lecture, various musical and/or performative aspects relating to the (music)-scientific question raised are presented theoretically and practically.
Duration of the lecture: 30 minutes
- The practical presentation should be performed solo or in an ensemble on one's own instrument/with one's own voice or using live electronic media. The length of the presentation should be in proportion to the number of words (40/60, 50/50, 60/40).
- Discussed musical works should not be performed in their entirety.
- The explanations must be given in free speech.
- Pieces from the programme of the final artistic concert may only be chosen in exceptional cases if the content is justified by the concept for the lecture performance; this requires separate consultation with the two supervisors.
- The Lecture Performance must be accompanied by a handout in the form of a programme note.
- The KMA Lecture Performance also includes a written part. In this, the candidate must write in-depth explanations on the topic of at least 37,500 characters (approx. 15 pages of text, approx. 2500 characters per page including spaces). It should not contain biographical data on the performers, but rather relevant information on the subject of the lecture performance, historical and cultural aspects.
- For submission of the written part, see points 7) and 8).
- The supervisor or second reader of the lecture performance is to be chosen from the group of lecturers of the course "Colloquium KMA". The other supervisor can be freely chosen from among the teachers of the ABPU. Please note: The supervisor or second reader must have a doctorate or a habilitation in science/pedagogy.
- The defensio takes place in the form of an examination discussion following the public lecture, in which the candidate explains aspects of the lecture and the written part and comments on critical questions posed by the committee (duration: approx. 15 minutes). The commission consists of the responsible dean, the supervisor and the second reader.

3.4 KMA (Degree programme for Dance): Lecture Performance

- The Lecture Performance must be accompanied by a handout in the form of a programme note.
- As a written part, the candidate must write in-depth explanations of the discussed work of at least 37,500 characters (approx. 15 pages of text, approx. 2500 characters per page including spaces). 5. Structure of a Master's Thesis

As a rule, every Master's Thesis includes:

- Title page / cover page → see cover page template:
<https://www.bruckneruni.at/de/studium/studienabschluss/>
- Abstract → The research question, the material studied and, if applicable, the results of the work. The abstract can be placed in front of the paper or attached in the appendix.
- Table of contents
- Introduction → Presentation and justification of the topic, research question, overview of the structure of the thesis and the approach as well as the literature and sources.
- Main body of text → State of research / literature review / questions. Discussion of individual aspects considering the different positions of various authors or collection and analysis of empirical data. The individually listed points apply in particular to Master's theses.

- Summary / Conclusion → Summary or in-depth reflection on the results of the work, if necessary, aspects that remained open and further questions
- Literature list → Complete list of literature and sources used in alphabetical order by author's last name; common bibliographic form after consultation with the supervisors.
- List of sources: Source material that complements the written main part is to be included in the appendices (interviews, sheet music material, image collections).
- Other appendices: Material that supplements the written main part is to be attached in the appendices (interviews, music material, image collections); the appendix is to be provided separately with page numbers and its own table of contents, if applicable.

6. Affidavit

- The affidavit is NOT part of the thesis, but must be submitted separately to the Dean's Office using the following form:
https://www.bruckneruni.at/fileadmin/user_upload/ErklaerungEinreichungAbschlussarbeit_digital_fin_al_ab20190101.pdf
- For data protection reasons, theses with a signed affidavit will not be accepted and must be corrected. This applies to both the digital and the printed version.
- The printed copy **MUST** be identical to the digital copy submitted.

7. Citations

- In principle, the following applies: In a Master's thesis, citation is uniform and follows a common subject-specific convention. No citation method is prescribed at the ABPU. Please contact the supervisor of the thesis to determine the citation method.
- Translations: Bachelor theses that have been translated by translators must include their names on the cover page of the thesis (→ cover page template).
- Plagiarism: Every master's thesis submitted is checked for possible plagiarism. Plagiarism is theft of other people's intellectual property. It is not harmless and can even result in legal consequences, including damages and fines!

The consequences for ABPU students and graduates are as follows:

- Rejection of the work ("Not passed") without the possibility of rectification.
- in the case of subsequent discovery the annulment of the assessment
- Withdrawal of all assessments (certificates) obtained on the basis of the work in question.
 - Writing a new paper with a new topic (only possible if you are still enrolled at the time the plagiarism is discovered).

8. Submission

a) Digital copies:

- Master's theses are to be submitted to the Dean's Office (PDF file, without CV and contact information) at least 2 weeks before the deadline. → dekanat@bruckneruni.at
- An abstract (PDF file) must be sent at the same time as the thesis! → dekanat@bruckneruni.at
Formatting: Name of student, title of thesis, text of abstract (max. 250 words), date
This abstract, like the full text, is made publicly available by the university and refers to the bachelor's thesis catalogued in the library.
- When submitting the thesis, it must be accompanied by the signed declaration on the submission of a thesis.
https://www.bruckneruni.at/fileadmin/user_upload/ErklaerungEinreichungAbschlussarbeit_digital_final_ab_20190101.pdf

9. Time frame and administrative process

- a) The topic (form "Anmeldung des Themas zur schriftlichen Masterarbeit" can be found on the homepage <https://www.bruckneruni.at/de/studium/formulare>) has to be handed in at the Dean's Office or sent by e-mail during the enrolment for the 6th semester of the Bachelor programme. → dekanat@bruckneruni.at
- b) It is recommended to attend the colloquium for BA theses at least two semesters before the planned completion.

- c) **The registration for the defensio requires the approval of the finished thesis by the supervisor and second reader.**

Therefore, it is strongly recommended to allow sufficient time for the assessment by the first and second supervisors and to discuss the schedule with the supervisors.

Just the approval of the thesis by the supervisor alone is not sufficient, the student must request a defensive appointment by e-mail. Otherwise NO appointment will be coordinated! → dekanat@bruckneruni.at

- d) The defensio usually takes place 3-4 weeks after registration. For lecture performances, please allow a waiting period of 5-6 weeks after registration.

- e) Timing of the submission of the digital copy of the thesis to the supervisor, second reader and the Dean's Office:
Supervisor and second reader: Clarify the schedule for any feedback loops and the submission of the final version of your thesis with the supervisor and second reader in good time.

Dean's office: **at the latest 2 weeks** before the defensio the final version of the thesis has to be sent as PDF to
→ dekanat@bruckneruni.at

- f) Special regulations:

- The deadline for the submission of the finished work must be agreed upon personally with the supervisor and the second supervisor in good time.
- In order to complete the degree programme in the summer semester, the defensio must be completed within the grace period (in October at the latest). Otherwise, an application for a semester repetition or extension must be submitted to the study office during the examination period **and** the tuition fee for the Winter semester must be paid.

10. Grading scale

The assessment of the written thesis and the associated oral examination (Defensio) is carried out according to the following grading scale:

„Mit ausgezeichnetem Erfolg bestanden“ (passed with distinction)

„Mit sehr gutem Erfolg bestanden“ (passed with very good success)

„Mit Erfolg bestanden“ (passed)
